

Gentlemen,

The MTA is decreasing the onsite testing hours. There does not seem to be enough of a demand to warrant the hours. See the new schedule below. The Northwell testing will continue as before. Please do not hesitate to call if you have questions or comments.

This is a short term schedule so you might want to remind all of our employees that this will end soon, please go get tested as soon as possible!

Thank you,

Since our hours are switching in the second week, our provider, Bio Reference, cannot bring those days up in the online registration scheduler, so it is best only to communicate testing hours until the 23rd at the moment. Registration dates/times will be made available tomorrow, but only for those days of the week that have past (Mon-Wed). Walk-ins are always welcome, in fact encouraged, and Bio Reference has the capacity to handle with little, if any, wait time.
